

elapsed since receipt by the Congress of the certification required by 22 U.S.C. 2776(c)(1); or

(2) In the case of a license for an export to any other destination, 30 calendar days have elapsed since receipt by the Congress of the certification required by 22 U.S.C. 2776(c)(1).

(b) Persons who intend to export defense articles and defense services pursuant to any exemption in this subchapter (e.g., § 126.5 of this subchapter) under the circumstances described in the first sentence of paragraph (a) of this section must notify the Office of Defense Trade Controls by letter of the intended export and, prior to transmittal to Congress, provide a signed contract and a DSP-83 signed by the applicant, the foreign consignee and end-user.

[62 FR 67275, Dec. 24, 1997]

§ 123.16 Exemptions of general applicability.

(a) The following exemptions apply to exports of unclassified defense articles for which no approval is needed from the Office of Defense Trade Controls. These exemptions do not apply to: Proscribed destinations under § 126.1 of this subchapter; exports for which Congressional notification is required (see § 123.15 of this subchapter); MTCR articles; Significant Military Equipment (SME); and may not be used by persons who are generally ineligible as described in § 120.1(c) of this subchapter. All shipments of defense articles, including those to and from Canada, require a Shipper's Export Declaration (SED) or notification letter. If the export of a defense article is exempt from licensing, the SED must cite the exemption. Refer to § 123.22 for Shipper's Export Declaration and letter notification requirements.

(b) The following exports are exempt from the licensing requirements of this subchapter.

(1) District Directors of Customs shall permit the export without a license of defense hardware being exported in furtherance of a manufacturing license agreement, technical assistance agreement, distribution agreement or an arrangement for distribution of items identified in Category

XIII(b)(1), approved in accordance with Part 124, provided that:

(i) The defense hardware to be exported supports the activity and is identified by item, quantity and value in the agreement or arrangement; and

(ii) Any provisos or limitations placed on the authorized agreement or arrangement are adhered to; and

(iii) The exporter certifies on the Shipper's Export Declaration that the export is exempt from the licensing requirements of this subchapter. This is done by writing, "22 CFR 123.16(b)(1) and the agreement or arrangement (identify/state number) applicable"; and

(iv) The total value of all shipments does not exceed the value authorized in the agreement or arrangement.

(v) In the case of a distribution agreement, export must be made directly to the approved foreign distributor.

(2) District Directors of Customs shall permit the export of components or spare parts (for exemptions for firearms and ammunition see § 123.17) without a license when the total value does not exceed \$500 in a single transaction and:

(i) The components or spare parts are being exported to support a defense article previously authorized for export; and

(ii) The spare parts or components are not going to a distributor, but to a previously approved end-user of the defense articles; and

(iii) The spare parts or components are not to be used to enhance the capability of the defense article;

(iv) exporters shall not split orders so as not to exceed the dollar value of this exemption;

(v) the exporter may not make more than 24 shipments per calendar year to the previously authorized end user;

(vi) The exporter must certify on the Shipper's Export Declaration that the export is exempt from the licensing requirements of this subchapter. This is done by writing 22 CFR 123.16(b)(2) applicable.

(3) District Directors of Customs shall permit the export without a license, of packing cases specially designed to carry defense articles.

(4) District Directors of Customs shall permit the export without a license, of unclassified models or mock-ups of defense articles, provided that such models or mock-ups are nonoperable and do not reveal any technical data in excess of that which is exempted from the licensing requirements of § 125.4(b) of this subchapter and do not contain components covered by the U.S. Munitions List (see § 120.6(b) of this subchapter). Some models or mockups built to scale or constructed of original materials can reveal technical data. U.S. persons who avail themselves of this exemption must provide a written certification to the District Director of Customs that these conditions are met. This exemption does not imply that the Office of Defense Trade Controls will approve the export of any defense articles for which models or mock-ups have been exported pursuant to this exemption.

(5) District Directors of Customs shall permit the temporary export without a license of unclassified defense articles to any public exhibition, trade show, air show or related event if that article has previously been licensed for a public exhibition, trade show, air show or related event and the license is still valid. U.S. persons who avail themselves of this exemption must provide a written certification to the District Director of Customs that these conditions are met.

(6) For exemptions for firearms and ammunition for personal use refer to § 123.17.

(7) For exemptions for firearms for personal use of members of the U.S. Armed Forces and civilian employees see § 123.18.

(8) For exports to Canada refer to § 126.5 of this subchapter.

(9) District Directors of Customs shall permit the temporary export without a license by a U.S. person of any unclassified component, part, tool or test equipment to a subsidiary, affiliate or facility owned or controlled by the U.S. person (see § 122.2(c) of this subchapter) if the component, part, tool or test equipment is to be used for manufacture, assembly, testing, production, or modification provided:

(i) The U.S. person is registered with the Office of Defense Trade Controls

and complies with all requirements set forth in part 122 of this subchapter;

(ii) No defense article exported under this exemption may be sold or transferred without the appropriate license or other approval from the Office of Defense Trade Controls.

[58 FR 39299, July 22, 1993, as amended at 59 FR 29951, June 10, 1994; 59 FR 45622, Sept. 2, 1994]

§ 123.17 Exports of firearms and ammunition.

(a) Except as provided in § 126.1 of this subchapter, District Directors of Customs shall permit the export without a license of components and parts for Category I(a) firearms, except barrels, cylinders, receivers (frames) or complete breach mechanisms when the total value does not exceed \$500 wholesale in any transaction.

(b) District Directors of Customs shall permit the export without a license of nonautomatic firearms covered by Category I(a) of § 121.1 of this subchapter if they were manufactured in or before 1898, or are replicas of such firearms.

(c) District Directors of Customs shall permit U.S. persons to export temporarily from the United States without a license not more than three nonautomatic firearms in Category I(a) of § 121.1 of this subchapter and not more than 1,000 cartridges therefor, provided that:

(1) A declaration by the U.S. person and an inspection by a customs officer is made;

(2) The firearms and accompanying ammunition must be with the U.S. person's baggage or effects, whether accompanied or unaccompanied (but not mailed); and

(3) They must be for that person's exclusive use and not for reexport or other transfer of ownership. The foregoing exemption is not applicable to a crew-member of a vessel or aircraft unless the crew-member declares the firearms to a Customs officer upon each departure from the United States, and declares that it is his or her intention to return the article(s) on each return to the United States. It is also not applicable to the personnel referred to in § 123.18.
